

Fred

I have had about 8 or more sessions and this trainer, Fred, was especially knowledgeable and helpful. I am kind of a dinosaur in the computer world and both his knowledge and personality were encouraging to me.
Thank you.

Tom

Tom was a great instructor as well as being personable and flexible. This was my second session with him.

Tom

Tom was great!

Sara

I love my training sessions. I travel a lot and the sessions help me fix things that I don't know how to fix and to discover things that I didn't know I could do! Love them!

Sara

Your training program is very informative. The trainer was extremely helpful and knowledgeable. I did not refer to the books because the trainer was so helpful. I think that the books will be more helpful when I am at home alone and need support.

Fred

Fred and all the instructors are great and very patient.

John

I think John was very outstanding.
He was a pleasure to work with
and learn from.

John

Yesterday was my first session,
I thought John did a fine job
and seemed knowledgeable in
answering my questions.

James

Kudos to James.
He can be my trainer anytime.

James

James was great. I walked out with my
main problems resolved.

James

We liked James
and he was very knowledgeable.

Penelope

Penelope was able to help me
resolve an issue that I've had several
times, but could not get the
correct info.

Jenny

Jenny is an outstanding, intelligent, articulate instructor. You should put her on an employment track to elevate and maximize her potential.

Jenny

Jenny was enthusiastic, friendly and incredibly helpful. Not only did she answer all my questions but she was able to show me several tricks and techniques that I didn't even think to ask about.

Jenny

JENNY IS THE BEST!
I'VE HAD HER PREVIOUSLY
AND SHE IS OUTSTANDING.

Jenny

GREAT TEACHER, SHE IS MY FAV

Jenny

Very professional & knowledgeable as well. Your trainers always have patience of a Saint!

tolerant with my progress.

Mika

A session with Mika is a real treat.
She is so knowledgeable and having
her impart some of her expertise is an
enormous treat. She is very talented
when dealing with
people, particularly me.

Don

Don did a great job. He gave me a
homework assignment. You
never get out of school!

Don

Excellent people on your staff.

Don

I never knew I could enjoy technology.
I'm now able to get my projects done!

I think he is amazingly patient.

Nick

Keep it the way it is. Just great.

Nick

Have been doing this since January... I never miss... it's one of my favorite hours of the week.

Lydia

I accidentally caught a workshop, became fascinated and enrolled in training sessions, which resulted in a complete career change. I'm now a full time editor so, thanks!

Lydia

Lydia is a delight to work with. She is a great communicator, she remembers the project stage each time I return, and she knows how to solve every problem.

Lydia

The young lady is exceptionally well versed in the software and more importantly, charming, affable, friendly and extremely helpful. It makes me want to come back.

Lydia

Perfection! Lydia is a whiz! She's there to help with any, and all problems. You are lucky to have her and the customers are even luckier.
